DICKINSON, ND 58601

General Land Use: Well/Facility Site

Affected Medium: Well/Facility Soil

Distance Nearest Occupied Building:

Distance Nearest Water Well:

Type of Incident: Fire

Release Contained in Dike: Yes - On Constructed Well Site

Reported to NRC: No

	Spilled	Units	Recovered	Units	Followup	Units
Oil					0	
Brine					0	
Other					0	

Description of Other Released Contaminant:

Inspected:

Written Report Received: 2/17/2015

Clean Up Concluded: 2/7/2015

Risk Evaluation:

No immediate risk as fire put itself out and did not leave location. Killdeer fire department was dispatched, but fire had already put itself out.

Areal Extent:

Fire was contained within the truck's fire box. No volume was spilled, no fire left location.

Potential Environmental Impacts:

No potential impacts as fire was completely contained within the trucks fire box. Nothing left location. Well was shut-in to make sure fire did not spread. Spill response crew went to location to clean up any rocks or soil affected by the fire.

Action Taken or Planned:

Investigation is underway. Cause as to why the truck caught fire is unknown right now. Investigation and future action will come out of this incident. Planned action right now is to make sure all hot oil trucks that come to our locations are up-to-date on their inspections and certifications.

Wastes Disposal Location: If there are any recovered wastes (rock and soil) they will be disposed of at Clean Harbors.

Agencies Involved: Local Fire Department (Killdeer)
